PITCH VIDEO PRODUCTION GUIDE • 75–90 SECONDS • CLIENT UI + SECRETARY WEB PORTAL

# MySect 90-Second Pitch Video Script & Scene-by-Scene Storyboard

Mapped directly to your existing Flutter Client App (mobile_app) and Secretary/Admin Web Portal (admin_website) for immediate screen recording.

| Scene & Timing | What to Record in Current UI (Click-by-Click) | On-Screen Text Overlay | Voiceover (VO) Script |
|---|---|---|---|
| **Scene 1: The Hook (0:00 – 0:12 \| 12s)** | • Record animated MySect Logo Loader (loading_screen.dart) → Intro & Login (intro_1.dart → login_page.dart).<br>• Sign in smoothly to land on Client Home (home_page.dart). | **Company-Secretarial Work Shouldn't Live in Scattered WhatsApp Chats.**<br>*Introducing MySect — Your Digital Secretary Platform* | *"For Malaysian business owners and company-secretary firms, managing statutory compliance is still stuck in scattered WhatsApp messages, lost email attachments, and endless manual chasing. MySect changes that."* |
| **Scene 2: Multi-Company Clarity (0:12 – 0:25 \| 13s)** | • On home_page.dart, tap the Top Company Switcher dropdown (Data Center Specialists Sdn Bhd).<br>• Tap the "Documents Needed" and "Replies Needed" cards. | **One App for Every Company You Own.**<br>*Instant visibility into pending actions & deadlines* | *"With the MySect Customer App, directors managing one or multiple Sdn Bhd companies see everything that needs their attention in five seconds—which documents are needed, which replies are pending, and what deadlines are coming up."* |
| **Scene 3: Guided Intake & Case Creation (0:25 – 0:42 \| 17s)** | • Show Chat intake (active_chat_page.dart), then open Submit SSM Filing (submit_ssm_filing_page.dart).<br>• Select "Section 58 Notice of Director Change" to show the auto-generated Required Docs checklist (Form 48A, NRIC, Board Resolution) & tap Submit. | **Structured Intake — No More Incomplete Requests.**<br>*Guided checklists for Section 58, Section 68 & Corporate Changes* | *"Instead of vague messages, every request starts with guided intake. Whether a client needs a Section 58 Director Change or an Annual Return, MySect confirms the company, prompts for the exact required documents, and packages a complete case for their Secretary."* |
| **Scene 4: Tracked Document Vault (0:42 – 0:57 \| 15s)** | • Tap the Files tab (files_page.dart) → "Attention" badge (attention_page.dart) & "Corporate" folder.<br>• Preview a prepared board resolution in document_viewer_page.dart and show live status in ssm_filing_detail_page.dart. | **Centralised Document Vault & Formal Approvals.**<br>*Every draft, upload, and approval timestamped in one place* | *"Every corporate document, board resolution, and approval lives in a secure, company-isolated vault. Clients can see exactly which items need their signature or re-upload, with every action timestamped for a clean audit trail."* |
| **Scene 5: Secretary Firm Handoff (0:57 – 1:15 \| 18s)** | • SPLIT-SCREEN: Keep Flutter Client App on the left, and open SecretaryWorkspace.jsx (admin_website) on the right.<br>• Click "Approve / Review Document" on the web workspace and show the status updating on the mobile app. | **AI Prepares the Case. Licensed Secretaries Stay in Control.**<br>*Connected in real time to the Partner Secretary Workspace* | *"Behind the scenes, partner company-secretary firms receive a pre-organised case in their dedicated web workspace. Licensed secretaries accept ownership, open direct human conversation when needed, review documents, and complete the work in half the time."* |
| **Scene 6: Admin Governance & CTA (1:15 – 1:30 \| 15s)** | • Cut to MySect Admin Dashboard (Dashboard.jsx & SecretaryFirms.jsx) showing partner firms, company assignments, and audit logs.<br>• End on MySect Logo & tagline card. | **One Shared Platform. Three Role-Specific Products.**<br>*Customer App • Secretary Workspace • MySect Admin* | *"Backed by MySect Admin for multi-firm onboarding, company assignment, and full audit governance, MySect connects clients and company secretaries on one trusted platform. Let's build the future of corporate secretarial services together."* |

**Pro Recording Tip for Current Prototype:** Focus camera capture on the top Company Switcher, Action Cards, SSM Filing screens (Section 58/68), Document Vault, and Chat. Avoid zooming in on the bottom calendar placeholder items in home_page.dart (which currently say IRAS/ACRA) or the eCommerce/bookkeeping tabs in more_page.dart so the video stays 100% aligned with the Malaysian SSM Company-Secretary Blueprint.
